## Always Bring

**A good attitude, be willing to serve and be a blessing to others however you are asked! Come expecting to be flexible, to have God move in your life as He uses you in the life of others! They are looking forward to seeing you!**

## Leadership

Each ministry should bring a lockable suitcase for valuables such as watches, rings, and prescription medicines.

**CHRIST FOR ALL NATIONS IS NOT RESPONSIBLE FOR LOST, STOLEN, OR DAMAGED ITEMS.**

Ministries should be prepared to deal with minor problems requiring first aid. All ministries are responsible to bring their own medical and first aid supplies.

Ministry teams should bring extra bug spray, sunscreen, lip balm, lotion, saline nasal spray or gel, and hand sanitizer. Also, bring extra personal hygiene products in case a team member loses or forgets theirs.

Please check your team's packing before departure. We have had teams arrive and they immediately have to go to town for things like medication, feminine hygiene products, sunscreen... Going to town and back can be very time consuming and take your time away from ministry.
